

# Casino Slot & Scratch Game Development with Platin Gaming - Pricelist

June 2023

## Non-Binding Offer

The following document contains private and confidential details about the product range of Platin Gaming Ltd, business models. Please use it for informational purposes only.

## Company Brief

Platin Gaming Ltd (“Platin Gaming”) is a company incorporated under the laws of Malta and is in possession of a B2B MGA license for the provision of Sportsbook and Casino Games. Platin Gaming has also obtained an ISO 27001 certification in 2022 which covers the area of software and games development. Our developed gaming solutions are ready to be integrated by sportsbook & casino operators around the world, as well as be developed and provided for other iGaming Providers under their brand.

We currently have many licensed premium slot games in our portfolio with more games to be released and licensed in intervals. These games are available for all territories that can run through the MGA or Curacao license. In addition, the games countries are also regulatory and approved by many authorities with certifications.

All our products have full documentation, are built with the latest technology and mechanisms and are available as demo versions in our customer area. All our games are also certified by Global Lab Testing Labs including the Random Number Generator.

## Project description

For the purpose of this project, the partner will be provided with casino games, which are fully partner branded and include multiple features such auto play, free games and bonus features.

Through this agreement, the games will be provided to you for the provision to operators under your brand. Any Trademarks or Copyrights remain property of Platin Gaming Ltd., this includes all designs, software, math, source codes, sounds and any other content that was not provided by the partner.

### Casino Slot Games and Scratch Games

The Casino Games being offered allow its customers to dive into a unique and highly entertaining game world. Our Slot Games possess numerous bonus features and free spin rounds, ensure a long-lasting fun including interactive events that increase the entertainment value.

We strive to provide you the best entertainment. The ultimate highlight of slot games are the interactive feature rounds. The player develops further the plot of the story and his profits can be influenced depending on his progression.

The Casino Slot Games offer numerous themes and stories, game mechanics, at a high entertainment value with a long-lasting motivation. They bring a special pleasure through the detailed HD graphics and designs, and the soft animation with great background music. Progressive Jackpots retain curiosity and increase interest. The extraordinary easy to use interface also allows the player to play all casino games in an intuitive way. Beginners as well as experienced players are equally attracted to our Casino games. The player can set his preferences of pay line and coin value in all Casino games.
